Skills

Proficient in Apple Macintosh and Windows operating systems, as well as programs including the Adobe Creative Suite (Photoshop, Illustrator, InDesign, Flash, etc), Office, etc. I am well trained in technology, extremely willing to learn (and do so fast), honest, and very hard working. Currently I am successfully developing a website for a small business in Pennsylvania, and have done this for a few other businesses. I have an art and design portfolio site located online at www.beecombs.com.
